

Use Electricity? Save money with Stream Energy and support CLC

You've likely heard that deregulation has come to the PECO region. Rate caps are gone and the price of electricity is on the rise. You can now buy your electricity from a competitive supplier and save 10%-15% on your electric generation costs and get the same convenient billing and service (emergency, maintenance, etc.) from PECO. Now is the best time to act because by selecting Stream Energy as your supplier roughly 5%* of what you spend is donated directly to the Comprehensive Learning Center (CLC), a nonprofit school for children with autism spectrum disorders.

It's so simple:

1. Go to <http://clcschool.mystreamenergy.biz>
2. Click on the icon *Request for Service*
3. Have a copy of your PECO bill handy, select the Stream Energy plan that is right for you (such as a 1 year fixed rate, or 100% green energy) and fill out billing information, make the follow up phone call, and about 5%* of what you spend on generation is donated directly to CLC.
4. Here's a side by side comparison of an actual monthly electric bill that shows how your bill will change once you've chosen Stream Energy as your electricity supplier.

Electric Residential Service - Current Period Detail		Service 12/05/2010 to 01/06/2011 - 32 days		
Customer charge				\$5.68
Generation Charges	1,949 kWh	X	\$0.09168	178.58
Alt. Energy Portfolio Standard	1,949 kWh	X	0.00023	0.45
Transmission Charges	1,949 kWh	X	0.00584	11.38
Distribution Charges	1,949 kWh	X	0.05343	104.14
State Tax Adjustment				-0.27
Total Current Charges				\$300.06

Electric Residential Service - Current Period Detail		Service 01/11/2011 to 02/09/2011 - 29 days		
Customer charge				\$7.25
Distribution Charges	1,910 kWh	X	\$0.05960	113.84
State Tax Adjustment				-0.07
Stream Energy Charges / 877-369-8160				
ENERGY CHARGE-1910KWH@0.076325 PER KWH				145.78
Total Current Charges				\$266.80
